ABOUT ME

Final year of bachelor's studies at Faculty of information technologies based in Mostar. Hard working and very passionate when it comes to solving problems. Strong fundamentals with Object Oriented Programming concepts. Worked on many school assignments and side projects. Looking for internships which are, in my opinion, great opportunity to start off a professional career as a developer and to get work experience.

HOBBIES AND INTERESTS

Trumpet player

I am a trumpet player for almost six years now. I am also a member of brass orchestra "Rudarska Glazba Kakanj". Many festivals all around Bosnia and Herzegovina and also a few countries in Europe(France and Slovenia) were a part of my trumpet career.
